We strongly urge you to stay at the Abe Martin Lodge during our conference to save commuting time and money. Room rates can range at the Lodge from \$28.00 to \$139.00, plus tax, a night per person, depending on whether you share a 2-story family cabin with four other conferees, stay in a rustic cabin, or prefer your own room in the Lodge. Choose from the many lodging possibilities, and make your reservations as soon as possible (because it is an extremely popular destination!) directly with the Lodge through their web-site (abemartinlodge.dnr.state.in.us) or by phoning them directly at 812/988-4418.

If you need help identifying a roommate, or two or more, we will be glad to help (though there are no guarantees). The longer you wait, the fewer options you will have. Breakfast, lunch & dinner are served in the rustic dining room, and (for dinner) in the many restaurants in nearby Nashville, Indiana, which is home to a unique artists' colony. For more info on transportation options, the Lodge, the Park, and the Conference, or to register by credit card, go to www.henryreed.com/indiana/

The Abe Martin Lodge is located in Brown County State Park on a 16,000 acre wooded preserve among rolling hills, The largest state park in Indiana, it includes Weed Patch Hill, which, at an elevation of 1,058 feet, is one of the highest points in the state. Initiation into the 4th Dimension Preparing for the Coming Shift in Consciousness

“May You be Blessed!”

Conducted by Henry Reed

While enjoying the nurturing and stimulating environment of The Abe Martin Lodge in Brown County State Park, Indiana, a small group will explore the emerging themes concerning the coming shift in consciousness. The exploration will focus on experiencing several altered states of consciousness, developing certain consciousness skills, and learning how to navigate in the coming world without boundaries. Carl Jung's "Answer to Job," Edgar Cayce's "Christ Consciousness," the Bible's Revelation, the Mayan's 2012 shift, and Teilhard de Chardin's noosphere will be some of the visionary sources explored. Dreams, meditation, heart awareness, aesthetics, imagery, shamanic soul travel, and non-dual awareness will be some of the consciousness modalities explored.
